

Household Food Electric Countertop Compost Bin Cooked Food Composter

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Envitek
- Certification: ETL CB EMC LVD ERP
- Model Number: FW300-A2
- Packaging Details: color box+master carton
- Delivery Time: 30
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 10000 PCS/MONTH

Product Specification

- Color: Gray Or Customize
- Application: Home Use
- Feature: Handle Lid
- Custom: OK
- Net Weight: 10kg
- Material: ABS
- Highlight: Household electric countertop compost bin, cooked food electric countertop compost bin, Electric cooked food composter

Product Description

Household Food Waste Disposer: The New Favorite of Environmental Protection in the Kitchen

In the pursuit of a green life nowadays, the household food waste disposer has quietly entered the kitchens of many families.

Its appearance is usually small and exquisite, and the design is considerate. Whether it is a modern minimalist or a retro rural style kitchen, it can be perfectly matched.

The working methods of the household food waste disposer are diverse and efficient. Some adopt high-temperature fermentation technology to convert food waste into organic fertilizer; some use a powerful grinding function to make food waste disappear quickly.

Its operation is very convenient. Just press the button gently or set the timer function, and it can operate automatically to handle the food waste for you.

With the household food waste disposer, the kitchen becomes cleaner and tidier. There are no more piles of food waste, and the breeding of mosquitoes and bacteria is also reduced.

For example, after a family gathering, a large amount of food waste can be quickly processed, allowing the kitchen to quickly return to freshness; for families who like to plant, the use of fertilizer produced by the food waste disposer can make the garden more vibrant.

The household food waste disposer adds a touch of green and convenience to your life.

Product Specification:

Model	FW300-A2
Sound Level	<=55 dB(A)
Power	500 W
Capacity	2.5L
Product size	L367*W255*H346mm
Filter	Activated Carbon

Product Features:

- * Turn your waste to fertilizer by 2-4 hours
- * Transparent Glass Cover, check the residue conversion status at any time
- * Drying-Grinding-Cooling, three steps reduce volume of your waste by up to 95%
- * Activated carbon filter remove smell
- * Fashion design makes it great to fit your countertop
- * One button start, auto adjust the working time according to the water content of your waste.
- * 2.5L capacity enough to cover your whole family food waste for one day

Product Details:

Food Waste Composting Machine

Kitchen waste recycling to protect the environment and healthy life

Operation Process

Crush the hard bones

Smash to pieces
