

Waste Garbage Disposal Compost Kitchen Machine For Household OEM

Our Product Introduction

for more products please visit us on envi-tek.com

Basic Information

- Place of Origin: China
- Brand Name: Envitek
- Certification: ETL CB EMC LVD ERP
- Model Number: FW300-A3
- Packaging Details: color box+master carton
- Delivery Time: 30
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 10000 PCS/MONTH

Product Specification

- Color: Gray Or Customize
- Installation: Countertop
- Application: Kitchen Use
- Feature: One Button Control
- Custom: OK
- Capacity: 2.5L
- Highlight: OEM Compost Kitchen Machine,
Household Compost Kitchen Machine,
OEM garbage compost machine

Product Description

Household Food Waste Disposer: The Environmental Protection Pioneer of the Kitchen

The birth of the household food waste disposer has taken an important step for the environmental protection cause of the kitchen.

Its appearance design is both beautiful and practical. Usually, it has a shell made of environmentally friendly materials, which is both durable and environmentally friendly.

Its working mechanism is based on the concept of sustainability. Through a unique processing method, food waste is converted into useful resources, achieving the reduction and resource utilization of garbage.

Using the household food waste disposer is convenient and fast. With just simple operations, food waste can be properly handled.

The benefits it brings should not be underestimated. It significantly reduces the negative impact on the environment and contributes to the sustainable development of the earth. At the same time, it improves the overall quality of the kitchen.

For example, the food waste disposer plays an important role in resource recycling; for families with a strong sense of environmental protection, it is the key to achieving a green kitchen.

The household food waste disposer leads the kitchen towards an environmentally friendly future.

Product Specification:

Model	FW300-A3
Sound Level	<=55 dB(A)
Power	500 W
Capacity	2.5L
Product size	L367*W255*H346mm
Filter	Activated Carbon

Product Features:

- * Turn your waste to fertilizer by 2-4 hours
- * Transparent Glass Cover, check the residue conversion status at any time
- * Drying-Grinding-Cooling, three steps reduce volume of your waste by up to 95%
